

## In Memoriam

# MOSES & SINGER LLP

---

mourns the untimely passing of our partner

## **Mitchell D. Bernstein**

**1963 - 2009**

Mitch graduated *cum laude* from Syracuse University College of Law and worked in a family-owned firm for a number of years. He joined Moses & Singer in 1992 as an associate and became a partner in 1999. He counseled a variety of clients in the entertainment industry, including producers of award-winning children's television series, independent filmmakers, actors, writers, directors, reality and game show creators, website owners, and licensing and branding agents. Mitch also prosecuted and protected domestic and international trademarks. He was an avid theatergoer, a co-producer of the highly successful Broadway play *Spring Awakening* and involved in the production of other film, theatre and television projects (one of which actually featured him as an extra!). Mitch was a skilled attorney, a thoughtful colleague, a passionate Mets and Jets fan and an amazing human being who will be sorely missed.
